# Into The Future

The New Children's Museum has long been a leader in innovation and inspiration for the arts and creativity. Their engaging exhibits and workshops have played a critical role in fostering a love for the arts in San Diego children. So, it is fitting that their biggest fundraiser and celebration was themed into the Future to celebrate and support their continued prosperity. Guests dressed in futuristic outfits and costumes as couples and groups: Neo, Morpheus and Trinity, Rick Deckard and Rachael, Marty McFly and Doc Brown, even Tron and Quorra were among the guests! **B**
