

## Cleaning Procedures Updated March 2020

The New Children's Museum works diligently to provide a safe and clean environment for our visitors, members, and staff. Below is an outline of our ongoing cleaning procedures.

### Exhibitions

- Installations are wiped down and vacuumed daily
- Installation areas are deep cleaned weekly
- *No Rules...Except* sheets are washed once a week (more often as needed)
- Kapla blocks are disinfected daily
- *Wobbleland* is disinfected and vacuumed weekly (plastic balls are disinfected daily)
- Main level tunnel is wiped down daily
- *Whammock!* is vacuumed and disinfected (high use areas) daily
- *The Wonder Sound* is disinfected and vacuumed twice per week (high use items such as the telephone are disinfected daily)
- *Reconnecting to Home* is disinfected and vacuumed weekly (high use items such as the speaking tubes are disinfected daily)
- *Rain House* is disinfected and vacuumed weekly
- *Sketch Aquarium* is wiped down daily and vacuumed twice per week
- *Desert Derby* cars and track are wiped down daily

### Studios

- Innovators LAB is cleaned at the end of each day: tables are wiped down daily and tools are cleaned when needed
- Magnets on the wall are disinfected and sprayed with Sanicide at the end of each day
- Tot Studio (*tikitiko*) toys are disinfected/sprayed with Sanicide at the end of each day
- Covers and soft stuffies (located at the benches in Tot Studio) are washed once week
- Deep cleanings take place weekly

### Operations

- Restrooms are cleaned 1+ times every hour during the open day
- Floors are spot mopped every day and wet mopped once a week
- Trash is picked up in the park every day and the park is power washed as needed

### Bean Sprouts Café:

- Tables are sanitized every 20-30 minutes and in between each use if possible
- The floor is spot mopped as needed and sanitized at least once a week
- The floor is swept every 20-30 minutes
