art
Color the underwater scene in Sketch Aquarium. Draw your own sea creature in the empty space in the middle.

What is your sea creature?
What do they do in the water?

play
Can you find all the sea creatures? How many fish, crabs and octopii can you find? Write the number on the line.

---

Sketch Aquarium, 2017 - teamLab Kids
Design a fanciful sea creature, and then watch it come to life and swim with all the other sea creatures in a wall-sized, moving aquarium projection. Sketch Aquarium uses the best in 21st century technology to create a beautiful, engaging art and science experience for all ages.
