art

Color in the *Cash Machine* and draw a dollar going through it.

Where do you think the money goes?

---

play

Can you find a dollar going through the *Cash Machine*? Each time the dollar passes a bell, it rings! Count how many dollars and bells you can find!

---

*Cash Machine*, 2011 - Machine Project
In a rush of air, *Cash Machine* pushes crumpled dollar bills through a maze of tubes, bells and spinning instruments, coming to life with sights, sound and lights each time a visitor makes a donation. Support the Museum during our closure at thinkplaycreate.org/donate
